Product Designer

Specializing in UX and visual design, I have experience across multiple genres and development pipelines. I focus on designing user experiences through detailed documentations, rapid prototyping, and iterative development.

I'm a collaborative designer inspired by emerging narratives in art, pop culture, technology, and politics.

experience

Terrabyte Games
Associate Game Designer
Jan 2023 – Mar 2024

Role
Designing **casual 3D games** for the Terra platform (valuation of \$108K) across sports, racing, and shooter genres.
Creating design documentation, balanced gameplay systems, and defined UX flows.

Impact
Published 6 games with over **100K+ unique visitors**
Collaborated with **20+ developers and artists** to optimise performance and visual systems.

Sensorium/ Khelum Foundation
Information Designer
Jun 2025 - August 2025

Designed and developed data visualization systems for **200+ students across 5-12 subject** areas spanning classes 4-12, translating academic performance data into accessible visual formats.
Utilized **p5.js and Unity** to generate dynamic, report card-based infographics and data charts.

Asian Institute of Design
Mentorship
Aug 2025

Conducted an extensive **2-week, 20+ hour module** on game design workflows at Bangalore's leading design college (established in 2008) covering **documentation, rapid prototyping, and playtesting**.
Mentored students in applying player-centric design principles to **build and publish small-scale games**.

TVS MOTORS
Part Time
Jul 2022 – Dec 2023

Designed **interactive games and UX features** for the **TVS X**, the flagship electric scooter launched by TVS Motor Company in 2023.
The designs were created using user research across **14 rider personas and 50,000+ connected users**.

Delopus
Guest Lecturer
Mar 2021

Co-facilitated a **10-session** online module on **game and level design for 25 students** on Delopus (a architecture education platform with 577+ industry connections).
Collaborated with a **senior industry professional** from **USA (10+ years experience)** to deliver curriculum exploring spatial storytelling and interactive environments.

Raghava KK Studio
Graphic Designer
Jan 2019 – Dec 2020

Designed a collection of **art books, brochures, worksheets, posters, social media posts** for art collectors, events, and initiatives.
My work has been exhibited at festivals such as **Echoes of Earth** (20,000+ attendees), **BOMA Momentum 2020** (Hosted in Barcelona) and **Future Bets** (media partner CNBC, initiative by Ashika Group)
